The 3 to 4 feet and smaller grades, are tied in bundles of 25's, others in 10's. The small grades are culled as carefully as the large trees. All overgrown butts are consigned to the brush heap, consequently the little fellows are first class for mail trade or for lining out.

WILSON.—Discovered on the Wilson (Travis) ranch near Cory, Delta county, Colorado. Probably a sport from Moorpark. Compared with Moorpark it is seven to ten days earlier. Flesh is deep color; cheeks show more red; quality is richer. Larger than Moorpark.

BUNCHING:—Fruit trees, 3 to 4 feet and smaller, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities. We must make a small extra charge for breaking bunches. Read "Prices" on inside front cover page.

BEGINNING MARCH 10th it is our custom to forward unsold stock to cold storage in St. Louis and Rochester; we therefore urge our Southern friends to place orders now, while our assortment is complete.

TRANSPLANTING STOCK

A good portion of this lining out stock is of our own propagation. Where the grade is shown as 8 to 15 inches it usually indicates imported stock bought for 1 to 2 feet. We list it as 8 to 15 inch, because the foreign grades do not always run 1 to 2 feet; this stock will show up a little better than you expect.

Prices include boxing; make orders in multiples of 100 please.

BUNCHING:—Fruit trees, 3 to 4 feet and smaller, are tied 25 to the bunch; all larger grades, 10 to the bunch. Please make your orders in multiples of these quantities. We must make a small extra charge for breaking bunches. Read "Prices" on inside front cover page.

BEGINNING MARCH 10th it is our custom to forward unsold stock to cold storage in St. Louis and Rochester; we therefore urge our Southern friends to place orders now, while our assortment is complete.

IT IS WELL TO NAME SECOND CHOICE where possible. Every mail cuts out some items.

TIME IS MONEY—from now on we can save you money.

NURSERYMEN'S SUPPLIES

PROMPT SHIPMENT

All supply orders (except printed matter) are usually shipped next train after receipt. We try to carry a complete stock at all times. Our location at Chase gives us unsurpassed facilities for quick action on rush orders—two lines of railway, ten trains per day stopping here.

KNIVES

Made especially for us by a manufacturer who is "fussy" about the quality of his output. Have used and handled these knives for twenty years.

PRUNING—Manufactured by the Holley people—Length $7\frac{3}{4}$ inches. Highest class steel. Nothing fancy about this knife, just a plain, reliable tool. Price, 35c each, \$3.50 per dozen, postpaid; \$3.20 per dozen by freight or express.

We are sold out of Pruning Knives offered in our Bulletin No. 1 and cannot get more for this Spring's use.

GRAFTING—C. A. G. Grafter ($\frac{3}{4}$ size)—Our sales on this knife to satisfied nurserymen and florists are more than five hundred dozen. It is more knife for grafting and general use for the money, than any on the market. Makes a good serviceable pocket knife. Cocoa handle; 25c each, \$3.00 per dozen, postpaid; \$2.75 per dozen by freight or express.

Oklahoma, January 4, 1916—"Please send us three more pairs French shears, six-inch, the more we cut with them the better we like them."

WHEN YOUR SPRING RUSH IS ON, and you are running short of stock, remember our location for quick action on rush shipments is unsurpassed. Two lines of railroads at our doors. "Hurry" is our "middle name" on rush orders.

BEGINNING MARCH 10th it is our custom to forward unsold stock to cold storage in St. Louis and Rochester; we therefore urge our Southern friends to place orders now, while our assortment is complete.

IT IS WELL TO NAME SECOND CHOICE where possible. Every mail cuts out some items.

TIME IS MONEY—from now on we can save you money.

BUDDING—Wostenholm I-X-L Ivory Tip ($\frac{3}{4}$ size)—The best budding knife we know of, and strong enough for an all-purpose knife. 75 cents each, \$8.25 per dozen postpaid; \$8 per dozen by freight or express.

BUDDING—Chase's Special Ivory Tip—A mighty good budding knife; next to the Wostenholm, it is the best ivory-tipped knife we can find; in appearance almost exactly like Wostenholm; 60c each, \$6.50 per dozen, postpaid; \$6 per dozen, by freight or express.

BUDDING—Stationary Budder (Blade does not fold)—Note shape, size and "hang" of blade, made for budding, but not as convenient for the pocket as the others. 25 cents each, \$2.50 per dozen, postpaid; \$2.25 per dozen by freight or express.

WHETSTONE

The best for budding and grafting knives. 15 cents each, postpaid.

PRUNING SHEARS

AMERICAN MAKE, 9-inch—This is a heavy, well made pruning shear, with volute steel spring. The best low priced, all around pruning shear we can find. Weight per dozen pairs, 11½ lbs. 65 cents per pair, postpaid; per dozen pairs, by freight or express, \$5.75; per half dozen, \$3.00; per pair, 50c.

PRUNING SHEARS—Continued

THE WATCH SPRING FRENCH SHEARS stand at the head of the list for making cuttings of all kinds. For cutting back seedlings to the bud or any heavy work the 9 inch is recommended.

WATCH SPRING, FRENCH, 9 inch—Per pair postpaid, \$1.70; per dozen pairs freight or express (weight per dozen pairs 11 lbs.), \$17.00.

WATCH SPRING, FRENCH, 8 inches—Per pair postpaid, \$1.35; per dozen pairs, freight or express (weight per dozen pairs, 7 lbs.), \$14.50.

WATCH SPRING, FRENCH, 6 inches—Per pair postpaid, \$1.00; per dozen pairs, freight or express (weight per dozen pairs, 5½ lbs.), \$10.75.

Extra springs for the Watch Spring French Shears, postpaid, 20c. Easily put in place.

LADIES' ROSE AND PRUNING SHEARS, 6 inches. "Made in America" and, in our judgment, the best Ladies' Pruning Shears. Beautifully finished, shaped just right, high quality throughout. For all light work, for use around the roses, shrubs, etc., it just fills the bill.

Per pair, postpaid\$0.75
Per dozen, freight or express 8.25

AMES NURSERY SPADE—D handle, double strapped full length of handle, tapered nursery spade; size of blade 12¼x7½x5½; weight, 9 pounds. \$1.50 each, \$18.00 per dozen. Spade Handles for above spade: These handles are bent to fit and riveted. 40 cents each, \$4.50 per dozen.

BOX LINING PAPER—This paper is tough, resists a good deal of moisture, almost waterproof. Helps keep out heat as well as frost, protects contents of box from drying winds. Put up in rolls, 30 and 36 inches wide, about 100 pounds in a roll. We cannot break rolls. Per pound, 4½ cents.

NURSERYMEN'S SUPPLIES.—We strive to carry all items herein listed in stock at all times, and give supply orders special rush service.

IMPROVED TREE GAUGE—Price, any quantity, 50 cents each. Made from “Sheradised” steel (a new process of treating steel); absolutely rust-proof; both sides marked alike; always right side up; guaranteed accurate to within one-hundredth of an inch; indestructible; easy to read.

CHEMICALS FOR FUMIGATING—Cyanide of Potash (Merck & Co.’s 98 per cent). In original sealed tin packages. 1 lb. cans, 65 cts; 5 lb. cans, \$2.85. Cyanide of Potash is excluded from the mails, but can be shipped by express or freight.

Sulphuric Acid. (Specific gravity, 1.83.) Large, glass-stoppered bottles, securely packed in cases ready for shipment. 10 lb. bottle, \$1.20; 15 lb. bottle \$1.50. Sulphuric acid cannot be shipped by express, but can be shipped by freight.

RAFFIA—We use the best Raffia we can buy, regardless of its cost, because, for nurserymen’s use, the best is most economical.

CORDAGE, TWINES, ETC.—Flax Sail Twine. For sewing burlap; put up in skeins, per pound, 30 cents.

Two-Ply Sisal Cord (breaking strength 170 pounds). For heavy express bales; on reels of about 50 pounds each, per pound 12c. We cannot sell less than a reel.

Four-Ply Wool Twine. For tying in bunches. Put up in balls of about one pound each. Packed in bales of about 130 lbs. The strongest, most uniform wool twine made. Not loaded with “dope,” will run about 260 feet to pound. In bale lots, per pound, 9¾ cents; in less than bale lots, per lb, 11c.

Tarred Sisal Yarn or Lath Cord. In coils. Good for tying trees for storage or cellars. About 100 pounds to a coil. Per pound, 11½ cents.

SILVER MAPLE—Extra Fine.—Note the large Silver Maple (*Acer Dasycarpum*); these are straight, well shaped, beautiful trees, just the thing for high class city trade.

GRAFTING THREAD—Put up in balls and packed 20 balls to the box. A box of twenty balls will wrap about 40,000 average grafts.

Price per ball unwaxed.....	\$0.08
Price per ball waxed.....	.12
Price per box 20 balls unwaxed.....	1.25
Price per box 20 balls waxed.....	1.90

(If mailed, add 2c ball unwaxed and 5c ball waxed.)

The opposite illustration shows a ball of our grafting thread with a pencil run through the hole in the center. Many nurserymen prefer to suspend the ball of grafting thread from a wire to be unwound as it is used. We prefer to keep the grafting thread in warm water while it is being used, as described below. This can be used either way.

TO KEEP GRAFTING THREAD IN GOOD CONDITION WHILE USING

Put a ball of waxed grafting thread into a quart cup or pan (a tomato can will do) fill it half full of water and arrange over a lighted lamp or small oil stove to keep the water warm.

SPHAGNUM MOSS—Clean, bright new stock Sphagnum Moss, put up in wire-bound bales, size 24x14x18 inches, average weight per bale about 50 pounds. Price per bale, F. O. B. here, \$1.35.

If wanted wrapped in burlap to save loss in shipping, add ten cents per bale.

BOX STRAPS

STEEL BOX STRAPS—One inch wide, 9 inches long, thin, soft steel, strong enough to hold the heaviest box. You can drive an ordinary nail through it without punching. About 2,800 pieces in 100 pounds. Less than 50 pounds, per lb., 5c; 50 pound boxes, per box, \$2.25; 100 pound boxes, per box, \$4.00.

NEEDLES

NEEDLES FOR SEWING BURLAP—Five-inch, extra quality, large eye, 40c per dozen; 5-inch common, 25 cents per dozen.

IRON-WIRED—3½ inches, plain, 1,000 to package; 75 cents per 1,000, by freight or express. In 5,000 lots, 70 cents per 1,000; in 10,000 lots, 65 cents per 1,000.

COPPER-WIRED—Size same as above, add 15 cents per 1,000.

EXTRA HEAVY TROWEL

Solid Steel Shank and Blade.

This is, we think, the best trowel made. Shank is solid steel. No rivets. Will last for years. 90 cents each, postpaid; 75 cents each with other goods, by freight or express.

BOX MAKER'S HATCHET (Improved)—This all-metal Box Maker's Hatchet has been greatly improved this season; now has a checkered face on head, best of all, a HEAVY STEEL RE-INFORCEMENT in the NECK making it 50 per cent stronger and just the right weight. Will make as many boxes and get lost just as easily as a hatchet costing three times the price. Price, each, 40c; per dozen, \$4.00; three for \$1.00.

NOTICE—WE WILL GIVE YOU THE BENEFIT OF THE DOZEN RATE ON ALL ORDERS FOR KNIVES, SHEARS, MULE SKIN MITTENS, ETC., WHEN ORDERED IN HALF-DOZEN LOTS.

GREAT GRIP NUT SHELLER

A Real Nut Cracker

Not strictly speaking a nursery tool, but all nurserymen like nuts, and you have, like ourselves, used the old style nut crackers, pinched your fingers, smashed the meat of the nut all to pieces, lost your temper and damaged your religion. In offering this little implement we are really doing missionary work. It is a dandy. Beautifully made, will last a life-time; constructed on new and scientific lines. So arranged that the jaws with their great grip, never close fully; will receive a table nut of any size and variety, and crack the shell only, bringing out the meat whole. Will handle castana ("nigger toes") with the same ease that it shells a pecan. Heavily nickeled, an ornament to any table. Price each, postpaid, \$1.60; by freight or express with other goods, \$1.50. Money back without a word to any dissatisfied user.

CHASE TREE COUNTER

Still the Best Tree Counter on the Market

DESIGNED BY ROBERT CHASE

We now offer this great labor-saving machine in three sizes. These new machines are of the very latest type, extra heavy levers and springs, solid construction, heavily nickel plated. Guaranteed for three years. If for any reason a dial fails to work properly, send it to us to be put in order and returned without charge. The Chase Tree Counter is now used by most of the leading nurserymen.

- Three-dial machine with 1,000 record cards, delivered.....\$12.25
- Four-dial machine with 1,000 record cards, delivered..... 14.00
- Five-dial machine with 1,000 record cards, delivered..... 16.00
- Extra record cards, correct size, printed like cut, 65c for 500; per 1,000, postpaid..... 1.10

Accurate, quick, no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field. One thousand record cards furnished with each machine.

PROMPT—DO YOU GET IT?—SERVICE

BEGINNING MARCH 10th it is our custom to forward unsold stock to cold storage in St. Louis and Rochester; we therefore urge our Southern friends to place orders now, while our assortment is complete.

TERMS AND CONDITIONS—Continued

GRADES

We grade liberally by caliper and height. When both are specified, caliper measure governs, but we are careful to see that stock is uniform throughout. Our rule is: "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE."

All stock is graded and bunched in our storage houses, where we have water in abundance. Stock is handled from field to these buildings under large tarpaulins and roots kept moist until boxed.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO RAILWAY COMPANY. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. Any other claims must be made within ten days after arrival of goods.

GUARANTEE OF GENUINENESS

We exercise the greatest care to keep our varieties PURE AND TRUE TO NAME, and hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise, or refund the amount paid; but it is mutually agreed between the purchaser and ourselves that we shall not be liable for any amount greater than the original purchase price.

SUBSTITUTION

We do not substitute unless instructed to do so, AND THEN LABEL TRUE TO NAME.

CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade of fruit trees is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words in connection with Nurserymen's Telegraphic Code, a copy of which will be mailed upon request.

BOXING

Charges as low as possible for well-made boxes, paper-lined:

30x30-in. heads, 7 to 9 feet in length.....	\$2.50
24x30 in. heads, 7 to 9 feet in length.....	2.25

15x15 in. heads, 7 to 9 feet in length.....	1.00
12x12 in. heads, 7 to 9 feet in length.....	.75

On orders for roses, small fruits, etc., we can frequently use drygoods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales, 25 cents to \$1.50, according to size.

No packing charge if loaded in bulk car.
